Quill.org New York, NY
Software Development Intern February 2017 – April 2017

Invited to be first paid intern for edtech nonprofit backed by Gates Foundation, NewSchools Venture Fund, and others after making open source contributions; implemented dozens of new features and a new QA process on the web application with over 350,000 active learners; used Rails, React, Redux, Jest, Enzyme, HTML, CSS, and more

EdSurge Remote
EdSurge Independent Fellow January 2017 – April 2017

Selected as a member of the EdSurge Independent Spring 2017 cohort; engaged in weekly dialogues with leaders in education technology; published thoughts on edtech to thousands of readers in the EdSurge Independent publication

Codecademy Remote
Learning Advisor (part-time) December 2016 – May 2017

Provided guidance and mentorship to Codecademy's incredibly diverse base of learners; developed deeper empathy and understanding for how learners of all kinds interact with education technology and where edtech falls short

Oppia Foundation Remote
User Journeys Lead (Volunteer / Open Source) November 2016 – Present

Lead the User Journeys design and research team for open source edtech nonprofit originally founded as a 20% project at Google; led a major copy rewrite and landing page redesign, research and apply for funding opportunities, serve as a Google Summer of Code mentor, and help maintain the codebase as a learner experience product owner

Higher Learning Technologies Iowa City, IA
Software Development Intern May 2016 – August 2016, May 2017 – August 2017

Member of highly-selective paid software internship program for the market leader in mobile study software; worked on the web app with Rails, Postgres, HTML, CSS, JavaScript, Capybara, Selenium, and more; fixed bugs, implemented new features, and wrote unit and integration tests; returning for a second internship with enhanced responsibilities

Education

Babson College (dropped out) Wellesley, MA
B.S. Business Administration Candidate, 3.89 August 2015 – December 2016

Presidential Scholar (awarded to top 1% of applicants on basis of academic and extra-curricular achievement); co-founded Babson Community of Developers & Entrepreneurs (CODE); ran marketing for CODE and grew it to one of the most engaged clubs on campus; taught web development during CODE breakout sessions; attended five hackathons and won "Most Useful to Students" for edtech project at PennApps XV; dropped out because it was not sufficiently challenging and too many other opportunities arose for furthering my mission in education technology

Projects

Same Classes SameClasses.com
Founder, Designer/Developer July 2015 – Present

Built and maintain a platform to help alleviate new student anxiety by connecting people with others in the same classes before they get to school; grew organically to be used by thousands of students across the country
